Temp Staffing Platform

Self-service portals for workers and independent employers

The solution

- *White-branded, can be deployed custom URLs*
- *We provide a **client management portal**, so your customers can manage their requests of temp workers.*
- *We also provide **a self-service portal for employees and new job seekers** to create a profile inside your organization, add their skills for various jobs, and add their experiences over time to develop their resumes.*
- ***Marketplace** to quickly find jobs for your temp workers and also to find temp workers for surpassing requests.*
